The new B Series PRO represents huge progress in the productivity, versatility and reliability of New Holland wheeled excavators. [\[Read more\]](#)

Germany wins all at the New Holland Grand Prix 2012

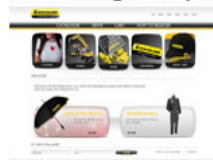

The final of the 6th New Holland Grand Prix competition took place in Turin on November 9, after the public launch of the new Series B PRO wheeled excavators. Teams from Denmark, Estonia, France, Germany, Italy and the United Kingdom were joined by a team of Turin Firefighters, who qualified during the championship heat held earlier this year at the Fiat Industrial Village. [\[Read more\]](#)

First W300C wheel loader sold in Spain saves 70 litres of fuel a day

The first W300C wheel loader sold in Spain was chosen by mining company Arcigrés S.L. for its advanced performance, exceptional fuel efficiency, low emissions, and high productivity with the fast cycles and 10 ton bucket load capacity. [\[Read more\]](#)
